

## FP029 – Asset Capitalisation Threshold

### 1. Intention

To ensure that assets created or purchased are capitalised to reflect the value that they have added and that these assets are added to Council's asset base. In addition, to ensure that the fair value of all assets are reflected in a true and fair manner in Council's annual financial statements.

### 2. Scope

This policy applies to Elected Members and employees of the Shire of Waroona.

### 3. Statement

The materiality threshold relates to a value above which assets will be created and capitalised.

The following materiality values for each class of asset is adopted:

Land	Nil
Buildings	\$5,000
Plant & Equipment	\$5,000
Furniture & Equipment	\$5,000
Infrastructure – Roads	\$10,000
Infrastructure – Footpaths	\$5,000
Infrastructure – Drainage	\$5,000
Infrastructure – Carparks	\$5,000
Infrastructure – Parks & Gardens	\$5,000
Infrastructure – Other Structures	\$5,000

Expenditure resulting in the creation of an asset less than the above respective threshold may be recorded as an operating expense and not included in the asset register.

Once an asset's written down value or fair value falls under the capitalisation threshold, the Chief Executive Officer will have the ability to dispose of that particular asset out of the (accounting) register and maintain that item through an inventory register.

A register will be maintained for all portable attractive (non-consumable) items that fall below the asset capitalisation threshold, which is to be reviewed periodically.

### 4. Legislative and Strategic Context

The *Australian Accounting Standards*, the *Local Government Act 1995* and the associated subsidiary legislation provide the broad framework within which this policy operates.

### 5. Review

This policy is to be reviewed as required.

### 6. Associated Documents
