

INCOME

Rating

The 2022/23 budget is prepared on an overall rate income increase of 4.95% providing \$5,389,248 in general purpose income. This increase is 1.95% more than predicted in Council's Long Term Financial Plan. This rate increase is considered to be reasonable and fair to the community based on rising costs and inflation rates that are calculated at well above this increase. Minimum rates have been increased from \$1,175 to \$1,230.

Each year a revaluation of UV-rated properties is conducted by the Valuer General. In the 2021/22 year, the Valuer General also conducted a GRV revaluation, which will be applicable from 1 July 2022. The movement in property valuations will result in both rate increases and decreases for some individual ratepayers.

Rubbish / Recycling

The annual levy for rubbish/recycling is proposed at \$374 per annum. A portion of this income is used to fund future capital works at the Buller Road Refuse Site.

Federal Government Grant

	2017/18	2018/19	2019/20	2020/21	2021/22	2022/23 BUDGET
