

Shire President's Message

We have just experienced one of our driest Mays on record which can generally lead to a tough time for our farmers in keeping livestock fed and maintained in good condition through June and July. This has been right across the South West so fingers crossed we have some substantial catch up rain in the coming months so we can enjoy some much needed spring growth and good water flows to top up our dams.

The community of Preston Beach has a completed and a very much enhanced new community centre. The Preston Beach Progress Association and all the support they mustered to see this project finally come to

fruition are to be congratulated and we hope that the residents and visitors will enjoy this new facility for many years to come.

The Waroona Business Support Group which is made up of a very dedicated and enthusiastic collective of business owners in Waroona have made a start on the first stage of adding colour and some art to our Main Street. The large blank wall that has been the centre of many conversations over the years will be beautified by a large mural featuring a selection of some of the natural beauty that we have to offer in our special part of the world. The artist behind the work is Brenton See and is attributable to many fantastic works across WA. The Council has contributed to this project and the business group has more stages to follow in putting some colour and interest into our town. Can I say thank you to this group for driving this project and look forward to seeing your future initiatives.

From some of the feedback that council has

received, our three free overnight RV stops have been well utilised. These areas give our visitors a chance to stay in our Shire for a short while with the hope they enjoy what we have to offer and perhaps support our businesses while they are here. If you happen to see these travellers at these spots please make them feel welcome and help in creating an image that we are a great place to visit.

While mentioning visitors, Tracy and her great band of volunteers at the Visitors centre are calling for our artists to start nominating for this year's Sea to Art exhibition. This event has grown in stature over the past years and has showcased some amazing and talented artists in our Shire and close neighbours. I would like to encourage anyone with the creative urge to consider entering in this exhibition. Tracey would be delighted if you would kindly talk to her about nominating and she can be reached at visitorcentre@waroona.wa.gov.au

The past few months have been particularly

busy for our exceptional St John Ambulance service. The good people that make up this group have had more than their share of incidents and as a community, we thank them for what they do as first responders and the invaluable job that you do for our community in helping in what can be peoples greatest time of need. St Johns in Waroona offers some very valuable first aid courses so please make the effort to utilise their local training centre and help support this very vital service.

At our May council meeting, we congratulated Councillor Noel Dew on achieving twenty years of service on the Council of the Shire of Waroona. Noel has held the position of President and Deputy President. He has served on many committees and delegations and has been a very staunch advocate for Preston Beach. Noel has given countless hours to his community on council and as a volunteer ranger on the beach. Thank you Noel on your commitment to our Shire.

EMERGENCY SERVICES DINNER

Last month the Shire of Waroona invited representatives from Waroona Volunteer Fire & Emergency Service, Waroona West Volunteer Bush Fire Brigade, Lake Clifton Volunteer Bush Fire Brigade, Preston Beach Volunteer Bush Fire Brigade, Waroona St John Volunteer Ambulance, Preston Beach Volunteer Rangers and Waroona Police to attend the annual thankyou dinner which was held at the Waroona Bowling and Social Club last Thursday.

Shire councillors and staff joined around 70 members and their families for a lovely meal prepared and served by Waroona Bowling and Social Club.

Cr Mike Walmsley acknowledged and thanked all of the above Emergency Services for their highly valued services and time they provide to Waroona and surrounds.

Waroona Aboriginal and Torres Strait Islander Corporation Meeting

Some exciting news for Shire of Waroona; after a lot of thought and hard work the Commonwealth of Australia has accepted the application from Waroona Aboriginal & Torres Strait Islander Corporation (WAATSIC) to become an incorporated organisation.

The objectives of the Corporation are to assist in the relief of poverty, sickness, destitution, helplessness, distress, suffering and misfortune among Aboriginal & Torres Strait Islander people in the Waroona Shire, through the process of supporting social and economic development.

The Corporation is guided by 8 elected directors who represent different families in the community and will also undertake a liaison approach with many community groups and organisations.

For further information, please contact Chairperson Rob Jetta on: 0477 352 266 or waatsic@gmail.com

STATE SPORTING ASSOCIATION & LOCAL GOVERNMENT FORUM

On Wednesday 8th May, the Peel and South West offices of the Department of Local Government, Sport and Cultural Industries hosted a forum for State Sporting Associations (SSA) and Local Governments (LG) as a means of creating networks and developing relationships between the sports and the facility providers.

It has been recognised that as sports continue to grow, pressure mounts on local governments to supply the level of facilities & equipment needed. In many instances, the relationship between the two parties are minimal which can result in the misunderstanding of community need and opportunities can be missed.

The hosting of this initial forum, connected local governments from both the Peel and South West with key state sporting associations - Cricket WA, Hockey WA, Basketball WA, Football West, Netball WA and WA Football Commission. This forum provided an opportunity for the state sporting associations to present on regional servicing priorities as well as outline potential restrictions. Following the presentations, local governments were able to engage in discussion with the sports relevant to their communities. This forum provided a foundation for both sport and local government to develop appropriate networks that will benefit into the future, particularly with regards to planning of facility needs.

Following the success of this forum, it has been suggested that the forum be held twice a year, with state sporting associations hosting and presenting at one, and local governments hosting and presenting at the other
